The trash receptacles are property of the North Figueroa Assn- Highland Park BID. They were paid for by the BID owners and are approximately \$5000 each. If the parks department is interested in purchasing them from us we can talk about it, otherwise these are strictly for the Highland Park BID use only and may not be used for any other purpose.

Thank you for the inquiry.

Good morning Misty,

This is Jhonny Pineda, I assist Council Member Cedillo with case work. We recently received an inquiry from one of our constituents who lives across the street from La Culebra Park, our constituent has seen some heavy duty trash cans stored at the Farmers Market storage room and wants to know if there's a possibility these trash cans can be use at the park. Please let me know what this trash cans are use for and if there's a possibility they can be use by the Park Department. I look forward to your response.

I can be reach by phone at 323-550-1542 or email.

Thank you in advance for your help.
